How to support a deeper innovation in the Danube Region

We have the **Danube River** as a great package of expectations and opportunities and the **EU macro-region Strategy**.

Local Communities along the Danube River ~ CLDR Romania ~

- The Association “**Local Communities along the Danube River**” (CLDR Romania) is the unique coherent voice for representing the interests of the Romanian local communities within the EUSDR implementation process.
- The main goal is to create strong **transnational partnerships** with Danubian counterparts and decision-makers for accessing to national, cross-border/ transnational funds.
- The CLDR Association consists of **19 institutional members** representing local communities, universities, national institutes, NGOs.
