

Workshop: „Sound Local Public Management“

5.11.2019, Vienna

In order to provide inspiring practices as well as presenting efficient tools summarized in a Sound Local Public Management White Paper, the upcoming workshop will assess the status quo within the Danube Region as well as provide recommendations and eventually solutions for policy makers to improve the situation for local authorities and of course the local population.

The “White Paper on Sound Local Public Management” has been provided in a draft version. Workshop participants are **invited to make a short presentation** about experiences with inspiring practices of useful tools from their cities.

Goals

- Discuss the draft version of the whitepaper on “Sound Local Public Management”
- Learn about inspiring practices and useful tools for local public management
